PROFESSIONAL DEVELOPMENT & NETWORKING

INTERGROWTH ANNUAL CONFERENCE

In its 45th year, ACG's InterGrowth Conference has consistently provided a sampling of the finest business minds in an environment that encourages the exchange of ideas through panels and keynote speakers. ACG invites its members and other guests to take advantage of the rare opportunity for informal deal exchange and networking with more than 2,000 leading international corporate growth professionals. Attendees concur that more deals and deal possibilities are struck at this conference than at any other convention of its kind in the world!

CHAPTER PROGRAMS

A number-one benefit of membership, chapter meetings provide multiple chances to meet local people of similar professional interests. Chapters also offer other enrichment such as regional conferences, social outings, ACG's Capital Connection™ (a local marketplace for private equity professionals and intermediaries) and other events that facilitate networking and collaboration.

INTELLECTUAL CAPITAL

Members tell us they want to know all there is to know about how to handle their businesses better. Therefore, we have assembled information on a wide variety of topics that give members the information they need to do their jobs better. To access this information, members may log on to the Knowledge Exchange on the ACG Web site. More than 75 news stories and articles are organized by topic related to corporate growth. This translates to a dynamic catalog of corporate growth stories refreshed on a semi-monthly basis!

ACG'S MONTHLY PUBLICATION

Merger and Acquisitions: The Dealmaker's Journal is ACG's official monthly newsletter providing coverage and analysis of key deals and influential developments in the M&A field, featuring articles and columns written by ACG members, and other leading experts.
