

Dana Nalbantian, Assoc. AIA
Studio Director, Principal
Gensler

As a Studio Director and workplace design expert in our Morristown office, Dana has completed more than 10 million square feet for clients. Through her extensive project management experience, she has honed a unique cross-disciplinary expertise between architecture and interior design that enables her to bring remarkable cohesiveness to her projects. Dana has raised the bar for workplace design projects, and clients regard her as a tireless advocate for their interests. Dana recently served as the President for the CoreNet New Jersey Chapter from 2014-2016, 2019, is an Associate Member of the American Institute of Architects, and is on the Board of Trustees for NAIOP NJ. She has participated in panel discussions on industry trends, women leadership strategies and mentoring. Dana holds a Bachelor of Architecture and Sciences.
