

David Jasmund, Shareholder

Investment Banking | ESOP

David Jasmund is a founding partner of PCE, with 20+ years of experience in mergers & acquisitions (M&A) and corporate finance. He leads PCE's Healthcare practice, but also has transactional and financial industry experience in Insurance, Business Services and Food & Agriculture.

David brings 34 years of business experience to the table, along with a unique business perspective as a highly successful entrepreneur, business owner and advisor. Prior to his work at PCE, he grew a small insurance start-up of three people into a powerhouse that employed more than 1,200 people and generated annualized revenues of over \$700 million. In addition, David has led other operations through start-ups, redefining business strategies, debt restructuring, de-franchising, mergers and equity capital placement in the Southeast.

Some of his accomplishments include: engaging in M&A transactions and private equity placements as principal or on behalf of principals; positioning several smaller companies to be acquired by a publicly held company; and growing revenues in another series of strategic M&A transactions.
