

Pierce Cleary
Curtiss-Wright Surface Technologies

Pierce Cleary is Director of Business Development at Curtiss-Wright Surface Technologies. In this role, Pierce is part of a team responsible for strategic planning, mergers, acquisitions, and divestitures that has completed over ten transactions with aggregate deal value in excess of \$175 million.

Curtiss-Wright Corporation is an innovative engineering company with more than \$2.4 billion in annual sales that delivers highly engineered, critical function products, systems and services to the commercial, industrial, defense and power markets. Building on the heritage of Glenn Curtiss and the Wright brothers, Curtiss-Wright has a long tradition of providing reliable solutions through trusted customer relationships.

Prior to joining Curtiss-Wright in 2008, Pierce held positions in treasury at Unilever, product engineering and business modeling at Lucent Technologies Bell Laboratories, and design engineering at Jaros Baum & Bolles. Pierce received a Bachelor of Engineering degree from The Cooper Union for the Advancement of Science and Art and a Master of Business Administration degree from the Stern School of Business at New York University.
